17TH INTERNATIONAL CONFERENCE ON RENEWABLE MOBILITY

20/21 January 2020 | CityCube Berlin

Dear Sir, dear Madame,

The international “Fuels of the Future” conference is the top event for the European biofuel industry, whilst at the same time also serving as an important discussion forum for German, European and international development of renewable mobility. Once again, over 600 international participants are expected in January 2020, including representatives from the feedstocks supply and processing sector, the biofuel, mineral oil and automotive industries, the chemical industry, certification systems, as well as from the realms of politics, science and research.

The conference thus offers companies and organisations active in this field an outstanding opportunity for presentation and communication.

- Position your company / organisation at one of the largest industry meetings for renewable fuels and alternative drives in Germany and Europe.
- Benefit from the many media, business and political representatives in the German capital.
- Extend your network with high-class national and international contacts.
- Present your products and services and win new orders.

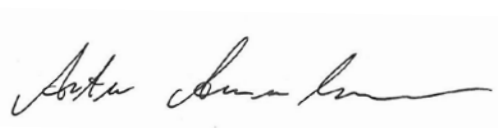

The conference offers a compact programme with lectures on current developments in the industry, the economic and legal parameters relevant for renewable fuels, feedstocks, technological developments and sales potential in international markets.

The focus will be on:

- Prospects for biofuels established on the market
- Second and third-generation renewable fuels
- Biomethane in the transport sector
- Biofuels for shipping, aviation and heavy freight
- Sustainability certification of biofuels in the context of globally expanding markets
- Power-to-X fuels and the latest market access developments
- Current developments in the international biofuel trade
- Electromobility in the context of hybridisation of drives with defossilized fuels

You are cordially invited to participate in the “Fuels of the Future 2020” conference, to find out more about the issues and discuss these key topics with entrepreneurs, politicians and scientists.

Our conference aims to provide a sound platform for the various development paths of alternative fuels and drive technologies and to foster intensive contact-building and networking.

Artur Auernhammer, MP
Chairman of the Board

17TH INTERNATIONAL CONFERENCE ON RENEWABLE MOBILITY

20/21 January 2020 | CityCube Berlin

Venue:

CityCube Berlin, by the Messe Berlin southern entrance (Eingang Süd), corner of Jafféstraße/Messedamm
<http://www.citycube-berlin.de/>

Date:

20th – 21st. January 2020

Event organizers:

BBE – Bundesverband Bioenergie e. V.
UFOP – Union zur Förderung von Oel- und Proteinpflanzen e. V.
BDBe – Bundesverband der deutschen Bioethanolwirtschaft e. V.
VDB – Verband der deutschen Biokraftstoffindustrie e. V.
FvB – Fachverband Biogas e. V.

Project Management and Organization:

Geschäftsstelle des BBE – Bundesverband Bioenergie e. V.
Carlo Heger
Godesberger Allee 142 – 148
D-53175 Bonn
Tel. 0228 81 00222
Fax 0228 81 00258
E-mail: heger@bioenergie.de

Options for Exhibitors and Sponsors:

Companies and organisations who would like to market their commitment to the biofuel sector and renewable mobility to the public and target groups can support the conference as partners and present their activities at the conference. The presentation helps to

- Establish business contacts
- Improve the information base and boost acceptance of your products and services
- Showcase your progressive approach and technical know-how
- Ensure public awareness of your leading market position in biofuels and renewable mobility
- Provide a far-reaching impact vis-à-vis a specialised international audience and in the trade press
- Exclusive advertising in direct mailing – logo imprint in programme flyer, conference proceedings and on the Internet

17TH INTERNATIONAL CONFERENCE ON RENEWABLE MOBILITY
